Why do you volunteer with the Community Lunch Box?

The CLB provides opportunities for people of all ages to contribute in meaningful ways. They help to fill gaps in the community for people who may be struggling financially or who have disabilities or other barriers to employment. Supporting children with healthy food in the schools is important now more than ever, with rising costs of fresh produce. - Volunteer

What is the best part about volunteering with the Community Lunch Box?

The best part is being able to provide a safe place for everyone and watch all the other Lunch Box team members grow and thrive off loving one another wholeheartedly. Each and every one of them are amazing to each other and it is cool to watch and experience. - Haley S. Board Member
